

Welcome to "My Word! Coffee" Freebies!

I am offering these extra puzzles and coloring pages for free for personal use. They are similar to the activities in my book "My Word! Coffee," available here:

Word Search hint: Each word will continue in the same direction it starts. Be aware that there are sometimes parts of the words sprinkled in elsewhere as decoys. And the "Bonus" word or phrase is always laid out from left to right, but it may skip over letters of found words in the puzzle and it might even have to wrap to the next lines down.

Maze Phrase hint: Start at the "in" arrow, and find the path through the maze to the "out" arrow. Collect letters along the way to build a phrase.

Cryptogram hint: As you get into harder cryptograms it will help to note that all of the "crypto- tables" will be made of sequentially ascending or descending alphabetic letters A-Z, starting at an arbitrary offset, and wrapping around, e.g.: xyzabcdefghijklmnopqrstuvw
